2.6 Million products /year

Air vents
Grab Handles
Fastening Clips

BRIGHT AUTOPLAST is a leader in the technology for development of small precision parts.

Developed Air vents & Grab handles for domestic & export markets

State of Art manufacturing facilities with Injection molding, PEP – gas assisted techniques, assembly & testing.

PRODUCT LINE

PROCESS LINE

Process Involved	Capacity
Injection Molding	80T - 350T
Ultrasonic Welding	SPM
Hot Plate Welding	SPM

Manufacturing Location

Gas assisted injection technique– short shot / Plastic Expulsion Process.
